Mr. Pearson went on to say that the budget has been approved by the School Committee and the town needs to finalize it and then when it comes back to the School Committee they can do reconciliation and in all actuality there would still be time for adjustments to be made. Mr. Wood noted that there was no money put into the budget for middle school sports, so if they do put the sports back in, they would have to find the dollars to support it. Mr. Costa asked the first speaker to come to the podium.

Nadine ¡V would really like to see the School Committee reconsider their decision, it is very important to the children, it is invaluable. Kids learn important values by doing sports. She thought it would be a good idea to recall teachers before July 1st to save money and then use some of the money saved to fund the sports.

Robin ¡V very important and very important to the children of the district, especially the ones that came directly to this meeting from a baseball game ¡V to voice their opinion.

Denise ¡V physical activity is very good for children, it improves their attitude and behavior, it is great exercise, even improves their test scores.

Madison ¡V sports give kids pride, it promotes good sportsmanship, respect, teamwork, responsibility, it lets you see new schools, have

new experiences, it is the glory of playing for your school!

Jack jV gives a child pride in their school and middle school may be the only time in their educational career that they can have this chance.

Laura jV kids get better grades, it is an incentive to get the good grades, creates well rounded students who become well rounded adults.

Nick jV learned to give 100% and then you will succeed, keeps our grades up, some kids need an extra boost to keep their grades up and sports does it!

Jack jV concerned about the intramural sports programs being offered at the middle schools. He thinks there will be a space issue and a supervision issue. He asked what would be offered and where would the money for the supplies come from.

Kathy jV hopes to keep the sports programs, she is not happy that the dollars are not in the budget so far. She is concerned about next year and the year after that, what about the future? She thinks the town needs to be proactive about self funding, one large booster organization, funds raised can be dispersed to the sports groups.

Brendan jV told about a person he knew that played sports instead of doing drugs, he said sports instills respect into kids, discipline and confidence too. He also mentioned how when you play sports you develop a special bond with your fellow athletes, coaches, and teachers.

Mr. Rotella went on to say that by law, the teachers have to be notified by March 1st if they are being laid off. Every district has the same state law and every district in the state faces the same unemployment problem ÿV it is statewide ÿV until the laws are changed we are all fighting the same battle.

Debra ÿV wondering if E-portfolio has been added to a sub-committee. Sandra ÿV stated that she is a Cumberland teacher and has been working during her prep time and volunteering her time to prepare for next year(she is a special education teacher) and she is one of the teachers that is laid off and has not yet been recalled ÿV she noted that there were six special education teachers in the audience that still had not been recalled.
